

# This is Why.

This is what "Forever Canada" is hiding from you.

**Half of Canadians** live here:

The shaded area represents **everyone** who gets to decide:

- How *the REST of us* are allowed to live our lives
- What amount of *OUR* earned money and property belongs, instead, to **OTHER Provinces and Countries**
- How the money that *WAS* ours is spent (on *OTHERS*) and how our property is **SEIZED** and **RE-ALLOCATED**
- How Albertans are (rather, **how Albertans are NOT**) allowed to participate in *OUR OWN* mature economy

Even though our Government of Canada was *typically* formed by a *series of minority governments*, who all had to *work together* to **compromise for the best deal** for *all* Canadians, the power and value of each vote gradually **consolidated** to the shaded area. This was always **by design**; and now *your* vote **no longer matters** if you live West of Ontario. **All Federal elections are over** the moment Ontario closes their polls - because those in the shaded area have already decided FOR us. After the last election in 2025, the Liberal minority proceeded to bribe a few more MPs to floor-cross the way to the **FIRST illegitimate majority government** in the country's history.

Sure, our MP's get to "express their voices" in the House of Commons - and *sometimes* those voices resonate with our own. But Western MP's tragically *don't carry* the same representation (power) per capita as Eastern MP's. Not only are there **more MP's in the East** due to the greater population, but they also have a *drastically-larger* number of MP's per capita, that it's unfeasible for us to get a government that represents the West. We got lucky with a Conservative government when Stephen Harper won, but rest-assured they'll *NEVER* allow THAT to happen again - they're allocating **Tens of Billions per year** to subsidize the narrative through CBC/CTV/Global, which is entirely full of lies and deceitful "information". **Once you "see" it, you cannot "un-see" it.**

This all began in 1905 - when Alberta was carved out of the *North-West Territories*. *Albertans were not given the choice*, nor a **voice**, nor a **vote** on the terms of the arrangement. Lines were drawn on maps. The RCMP was deployed to enforce those lines that stand today.

Much like we did not have a voice **then**, we still do not have a voice **now**.

Quebec *tried* to separate in the 1980's and 1990's. As a result, **we have the legal process** already defined which gives Albertans the **right to choose** to become **it's own country** that is **independent** from the Government of Canada in Ottawa.

We don't get a say in *their* laws that prohibit development of *our* energy resources, which are literally **the best in the world**. We don't get a say in *their* court rulings against *our* lawful democratic choices. We don't even get a say in **over \$50B of excessive transfer payments EVERY year**. That's \$1B. *Every WEEK*. We don't have a say in that. Much like we don't have a

say in the **Billions they spend on media narratives** that are meant to brainwash us into believing "things are good". THEY ARE NOT.

But we DO get a say in whether we choose to REMAIN in this **abusive relationship**.

This arrangement is *unfair, unjust*, and we **cannot change it**. It's too late; they've consolidated the power and **we never saw it coming**. The only way to change it, is to convince **at least 70%** of **all Canadians** to change it. That's an **impossible** campaign. We can **NEVER** free ourselves from the boot of Ottawa. **UNLESS...**

UNLESS we **DECLARE our own INDEPENDENCE** through legal process.

**Independence from Ottawa.** Independence from **the regime**; the **boot on our neck**. The people that decided "we" live **Forever as an owned-colony within Canada**. Forever...Canada. **NO!**

**Now** is the time to act. It's time to **vote "YES" to Alberta Independence** in upcoming referendums.

P.S. You *won't* see a lot of *flashy materials* about this, or *sexy news articles* or **paid celebrity advertisements**. That's because **we don't have \$10B** which is **what we're up against**. The Government of Canada **pays** CBC, CTV, Global, and all the rest of them - to **campaign AGAINST TRUTH**. Remember the **Elbows Up** campaign? Remember when **Mike Myers sold us out in the Carney ads**? And they're doing it with *OUR* tax money. So if you've heard of the "Forever Canada", or the "Lead Not Leave" campaign messages, **BE WARNED**. They are **NOT** doing it "*For Canada*" and they *sure as hell* are **not** doing it "For You".

"Forever Canada" doesn't offer a solution. They REPRESENT the problem: "Shut up, work hard, and pay up. Do it proudly, you lucky Canadian." Well, *Enough is enough*. The *only* solution is Independence. **A plan is being drafted** for us to succeed against the **CORRUPTION behind Forever Canada** and spin-off groups that **illegitimately enable endless-funding to mask the Truth**.

Vote for a better life. Choose *Alberta*. Choose *Saskatchewan*. Choose *British Columbia*, and *Manitoba*. NOT Ottawa.

Danielle Smith might be walking back on her promises to support a citizen-led initiative. We do need to fend for ourselves. It might be a good idea to choose a better leader. But right now, **we declare our destiny for OURSELVES.**

Right now, Ottawa is finalizing bills about **censoring us in social media** and putting even **more controls** around our individual lives. They will **NEVER** stop treating us as a colony of theirs. We **MUST** leave this abusive spouse NOW.

We CAN survive - and we can *THRIVE*. But we need to **DECIDE**. And we need to decide **NOW**.

Follow these folks on YouTube for the Truth and how we plan for Alberta to be a successful country:

- Keith Wilson (Lawyer: Property Rights and Constitutional Law)
- Cory Morgan (Calgary Journalist)
- Mitch Sylvestre (Leader, Alberta Prosperity Project)
- Derek Smith ("Unacceptable Fringe" on YouTube)
- John Bolton, BertaProudDad, and Dawn Herron Master (Alberta community members)

The good people involved are doing this *for our children*; for *you* and *your* children, and for the *whole country*. We're all volunteers. We're good people. We're your neighbours. We're **fighting against a \$10B media machine** and a government that sucks.

**"Forever Canada"** is truly, **Forever Enslaved**. It's time to declare freedom from that. Freedom from the reality that burdens us all: **Alberta is a Subjective Colony of Ottawa's until Albertans decide otherwise**. It's time to **Choose Alberta**.

Below are some additional benefits of living in a **Free and Independent Alberta**. Brainstorm your own as well:

1. **Never pay Federal income tax** or **GST** in Alberta again. Ever. That's a **30% increase OR MORE** in take-home pay.
2. **WE Albertans decide** how we operate. Ottawa does NOT.
3. We won't have to put up with **mediocre foreign workers** that **take our jobs** and our **children's jobs**.
4. Canadian Bill C-3, passed in November 2025, extends citizenship by descent: ALL Canadian-born people - AND their descendants - are **entitled to Canadian dual-citizenship regardless of where they live or where they were born**.
5. Alberta's world-class resource-based economy can meet global demand for our products. **We have more oil than Dubai.**
